

3 Critical Reasons to Vote in the Aug. 23 Democratic Primary

1 To defeat DeSantis & Rubio on Nov. 8

The nation is watching Florida. 42 billionaires & their families from 15 states have already helped DeSantis build a \$124M+ re-election war chest. Rubio's Senate race is expected to be one of nation's costliest and could be key to Democrats retaining the Senate.

A big Democratic Primary turnout will help us put our strongest candidates on the ballot Nov. 8. And it will **show that FL Dems are willing to stand up against DeSantis & Rubio**, boosting our candidates' fundraising capabilities and creating momentum to win in November!

NRA-endorsed DeSantis is a Trump-style autocrat who wants to be President. **We have to stop him in Florida.** NRA-endorsed Rubio voted against Trump impeachment twice and is in lockstep with Senate conservatives. Both need to go.

And that starts with your vote in the Aug. 23 Democratic Primary!

2 To keep right-wing extremists off the Palm Beach County School Board

6 candidates seeking seats in 3 PBC school districts support DeSantis on some or all these issues: anti-vax, anti-mask, book bans, "don't say gay", restrictions on teachers discussing race.

Anyone winning a majority (50%+1) in their district in the Primaries wins the seat. End of story.

Ballots won't show party affiliations but DeSantis has vowed to help extremists. Republicans will come out to vote for them in the GOP Primary.

Dems need to come out to vote in our Primary to keep reasonable, qualified people in charge of Palm Beach County schools.
