Why Rubio Must Go His U.S. Senate voting record says it all

RUBIO VOTED AGAINST:

- **2021 Women's Health Protection Act (to counter FL's abortion laws and now the Supreme Court's overruling Roe v. Wade)**
- **2022 Bipartisan Safer Communities Act (even opposes small steps to improve gun safety, like enhanced background checks)**
- **Biden's \$1.9 Trillion American Rescue/COVID Relief**
- **Biden's \$1.2 Trillion Infrastructure Act benefitting FL**
- **Impeachment of President Trump---twice**
- **Commission investigating Jan. 6 insurrection**
- **John Lewis Voting Rights Act & Freedom to Vote Act**
- **Bipartisan Violence Against Women Act**
- **Bipartisan America Competes Act to improve supply chains, reduce inflation, create jobs**

RUBIO OPPOSES:

- **Biden's efforts to help U.S. meet climate goals, create millions of good-paying jobs, help more Americans join the labor force, and grow our economy from bottom up**
- **Restricting money in politics; is against taxing billionaires**
- **Expanding Medicare to add vision, dental and lower Rx costs**
- **Women's reproductive choices, reasonable gun control laws**

- ✓ Hypocritical voting record—yes on issues under Trump, no to very same issues when proposed by Biden
- ✓ High ratings from NRA; Low ratings from Amer. Civil Liberties Union
 - ✓ Initially bashed the Jan. 6 insurrection but now uses well-known coded anti-Semitic verbiage blaming “upscale liberals who control the media” for continued coverage of the investigation

We need a Democratic Senator from Florida to help prevent a return to the Trump agenda.

How Biden has actually been extremely successful

\$1.9 Trillion American Rescue/COVID Relief

\$1,400 checks to low/middle income earners, more unemployment benefits & Child Tax Credits, \$14B to distribute vaccines, \$49B for COVID testing/tracking, \$125B for K-12, \$40B for higher education, \$39B Child Care grants, \$25B to help renters, \$30B for public transit

Historic Bi-Partisan \$1.2 Trillion Infrastructure Act

How it helps Florida: \$16B for highways, bridges and transit, \$1.2B for airports, \$100M for internet access to 700,000 more Floridians), \$29M to help stop computer hackers, \$29M to help prevent/fight brush fires. **Nationally:** \$3.6B to make homes/buildings more energy-efficient, \$1.6B for drinking water infrastructure

The GOP promised this for years; BIDEN DELIVERED!

But GOP Senators like Rubio are blocking Biden's other critical proposals to rebuild the middle class, address climate change and so much more. We need to retain a Democratic Senate!

Meanwhile, The Biden agenda is working!

- **Unemployment dropped** from 6.2% to 3.6%. 50-year low: 3.5%
- **6.6 million more jobs** created, biggest jump in 20 years!
- **Deficit decreased. GDP growth** outpaced any year since 2000
- **Record wage gains (5.6%)**
- **Fighting pandemic-fueled inflation:** Biggest investment ever to ease supply chain problems at ports; tapping into US oil reserves, etc.
- **Leading coordinated Int'l fight** against Putin's war in Ukraine
- **Working to limit damage** of Supreme Court ruling on Roe vs Wade
- **\$87 million in food** to FL schools with supply chain issues
- **Extended federal moratorium** on student loan payments
- **69%+ vaccinated** (created COVID vaccination system from scratch)
- **Rejoined Paris Climate Accord; reversed similar Trump orders**
- **Nominated 1st black female jurist** to Supreme Court
- **Saved United States Postal Service** from bankruptcy
- **Executive Order** to make govt. more accountable & accessible
- **80 bi-partisan bills** passed in first year
