

## **B. Addendum #2: Resolution Sanctioning U.S. Representative Brian Mast and U.S. Senators Rick Scott and Marco Rubio, and Calling for Their Resignations**

Given that their rhetoric may have dangerously contributed to the false narrative that the outcomes of elections in states such as Arizona, Georgia, Michigan, Pennsylvania, and Wisconsin were invalid, and dangerously escalated the potential for violence at the January 6, 2021 rally in Washington D.C;

And given the seditious votes of Representative Brian Mast and Senator Rick Scott to deny certification of the valid Arizona and/or Pennsylvania electoral results, supporting the false premise that the Biden/Harris electoral victory could be decertified by Congress;

Therefore the Palm Beach County Democratic Party condemns the behavior of Representative Brian Mast and Senators Rick Scott and Marco Rubio, and we call upon them to resign immediately. They failed to uphold their oaths of office in which they swore to 'support and defend the Constitution of the United States against all enemies, foreign and domestic", and are embarrassments to our 18th Congressional District and to the State of Florida.
